

## Diploma of Pharmacy

The Diploma in Pharmacy (D. Pharm) is a short-term diploma course that focuses on preparing students for a career in the pharmaceutical industry and pharmacy practice. This program provides foundational knowledge and skills in pharmaceutical sciences and is often the first step toward becoming a registered pharmacist. It is a foundational program that equips students with the essential knowledge and skills required for various roles in the pharmaceutical and healthcare sectors. It serves as a stepping stone for further studies and career advancement in the field of pharmacy. Graduates are well-prepared to contribute to community health and the safe and effective use of medications.

**Duration:** Two years

**Eligibility:** Candidate shall have passed 10+2 examination (science academic stream) with Physics, Chemistry and Biology or Mathematics.
